## Business (MSB)

The Oregon State graduate business programs are committed to educating our students to be the kind of people we want to work for – people who work hard, earn success and lead by example as innovative, socially responsible and globally minded business people.

### Master of Science in Business

Our Master of Science in Business (MSB) will give you focused exploration into a specific business discipline. It is an opportunity for you to build a strong foundation of business acumen and leadership qualities while giving you the tools to be an expert in the field.

The MSB provides options for customizing your program, depending on your interests. Each option requires taking additional credits beyond the MSB core classes.

### MSB Options

- › [Finance](#) - Understand financial markets, investment decision-making, and risk and reward tradeoffs.
- › [Financial analytics](#) - Extract value from data sets using data science methods.
- › [Marketing insights and analytics](#) - Combine customer behavior with business analytics.
- › [Supply chain analytics](#) - Apply data management to create business efficiencies.
